**Organisation Wish List**

This constitutes the short-term tangible requirements of the organisation. The donation of these goods are often as good as cash. Our innovative ability to effeciently utilize them saves resources we can allocate to best serve the dynamic and spontaneous needs of our community and our wildlife. We hope that this option affords a convenient avenue for donors to positively affect our achevements in working for our common good.

*We regret that we would not be able to take goods that require us to pay for repairs. Wild Serve is a PBO (SARS) & can issue 18A Tax Exemption to the market value of the goods.*
